1,000 for breakfast

By GERRY WARD

The Stampede pancake breakfast is a major annual event at the Senior Centre. Joyce Stannard reports that this year's event attracted 1,000 citizens from the community. All ages were represented in the steady stream which began to arrive at 6 a.m. and continued till 10. (A few of us did two rounds). The atmosphere was livened by a variety of appropriate music directed by Bob Ankil, Dennis Dray and staff covered the initial preparations to perfection.

resides in Calgary she calls Lethbridge home and represented our city in the Miss Rodeo pageant. This personable young lady began barrel racing at the age of 10 and in 1985 won the Alberta high school rodeo all-round cowgirl award. In Rapid City, N.D., Trish won the National Rodeo Queen title, the only Canadian to do so to date. This brilliant girl who wears the rodeo crown so graciously, is preparing for the future. Recently from University of Calgary Trish gained a Bachelor of Arts degree with accent on Communications and Management, and we anticipate a great future for her in the field of public relations.
